Student Reviews

"Truly enjoyed the interactive virtual learning environment! This course is designed to keep you engaged, and the takeaways extend past community health." - Vidya Ayrr

"This course was excellent. Quisha taught me how to structure my courses and how to make the learning experience interactive and educational." - Gwendolyn S. Moody

"The quality of CHW training that Umemba provides is five star and is above the rest." - Cynthia Washington

"I absolutely love the CHWI training Quisha provides! She is very knowledgeable, provides ongoing support, and opportunities for students. Thank you!" - Rosemarie Gastelum

"I really enjoyed this course. I could have gotten the certification based on experience but I feel this course better prepared me to be a better facilitator and course creator."
- Carlene Thomas-King

About the Course

In just 16 weeks, you can become certified to teach Community Health Workers in the CHW Core Competencies. Our course is 100% virtual and reviews the CHW Core Competencies with a focus on Virtual Instructor Led Training (vILT).

vILT Topics include:

- Adult Learning Theories
- Identifying Learner Needs & Professional Practice Gaps
- Learning Outcomes vs Learning Objectives
- Virtual Facilitation Skills
- Facilitator Role vs Producer Role
- Virtual Interaction and Collaboration Tools
- Types of Professional Development Offerings
- Developing a Lesson Plan
- Conducting Literature Reviews
- Evaluating Trainings
- AND MORE!**
